

COSHH Assessment Record

Product Name (Ref.)	WD-40		
Description of how product is used	Anti-squeak. Moisture repellent. Releasing agent.		
Health Risk / Hazard Identification	R10 - Flammable R65 - Harmful : may cause lung damage if swallowed R66 - Repeated exposure may cause skin dryness or cracking		
Hazardous Content/Ingredient	Carbon Dioxide Petroleum Distillate		
Routes of Exposure	Skin <input checked="" type="checkbox"/> Eyes <input checked="" type="checkbox"/> Inhalation <input checked="" type="checkbox"/> Swallowing <input checked="" type="checkbox"/> Cuts <input type="checkbox"/>		
Maximum Exposure Limit (MEL)	Not Known		
Occupational Exposure Limit (OEL)	Not Known		
Product Risk	High <input type="checkbox"/> Medium <input checked="" type="checkbox"/> Low <input type="checkbox"/>		
Can this product be substituted?	Not Required		
Safety Controls required	S2 - Keep out of reach of children S16 - Keep away from sources of ignition S23 - Do not breathe vapour/spray S37 - Wear suitable gloves S51 - Use only in well-ventilated areas		
Personal Protective Equipment (PPE) requirements	Chemical resistant gloves to be worn if there is a risk of skin contact. Wear eye protection if there is a risk of accidental eye contact.		
First Aid Requirements: Inhalation Ingestion Skin Eye contact	Remove to fresh air, keep warm and at rest. Do not induce vomiting and drink plenty of water. Wash off immediately with plenty of soap and water Rinse thoroughly with plenty of water for 15 minutes. In all cases seek medical advice if irritation persists		
Fire Fighting Measures	Use Foam, Water Spray, Dry Chemicals, Sand, Dolomite etc		
Handling and Storage	Keep away from heat, sparks and open flame. Wash hands after use. Do not expose to direct sunlight or temperatures above 50°C		
Accidental Spillage	Absorb with inert, damp, non-combustible material then flush area with water.		
Overall Product Risk (taking into account all information and control measures)	High <input type="checkbox"/> Medium <input type="checkbox"/> Low <input checked="" type="checkbox"/>

COSHH Assessment Record

Product Name (Ref.)	Arecal Long Lube		
Description of how product is used	Lubricant		
Health Risk / Hazard Identification	R12 - Extremely Flammable		
Hazardous Content/Ingredient	Iso-Butane Propane/Butane		
Routes of Exposure	Skin <input checked="" type="checkbox"/>	Eyes <input checked="" type="checkbox"/>	Inhalation <input checked="" type="checkbox"/> Swallowing <input type="checkbox"/> Cuts <input type="checkbox"/>
Maximum Exposure Limit (MEL)	Iso-Butane -	750ppm	
	Propane/Butane -	750ppm	
Occupational Exposure Limit (OEL)	Iso-Butane -	600ppm	
	Propane/Butane -	600ppm	
Product Risk	High <input type="checkbox"/>	Medium <input type="checkbox"/>	Low <input checked="" type="checkbox"/>
Can this product be substituted?	Not Required		
Safety Controls required	S23/4: DO not breathe spray S51: Use only in well ventilated areas		
Personal Protective Equipment (PPE) requirements	Breathing apparatus in the event of high concentrations. Short term: filter apparatus, Filter A. Suitable protective gloves: Butyl rubber, >480 min (EN374)		
First Aid Requirements:			
Inhalation	Remove to fresh air		
Ingestion	No action required		
Skin	Wash off immediately with plenty of soap and water		
Eye contact	Rinse thoroughly with plenty of water		
	In all cases seek medical advice if irritation persists		
Fire Fighting Measures	All extinguishing substances suitable. Do not use a full water jet.		
Handling and Storage	Use only in well ventilated areas. Do not store together with oxidizing agents. Store at room temperature		
Accidental Spillage	Use of a cloth and or mop and bucket.		
Overall Product Risk (taking into account all information and control measures)	High <input type="checkbox"/>	Medium <input type="checkbox"/>	Low <input checked="" type="checkbox"/>
